

How to teach Good Boundaries Script to children

The required safe environment material

1. Getting ready to teach
 - Pray/prayer
 - Why we teach this?
 - Read material many times
 - Realize that you may never feel “at ease” about presenting this
 - Enlist a second adult to help as support
 - Decide on good number for presentation
 - Ready any props or tools to help
 - Teddy bears/dolls for younger ones
 - Coloring sheets, crayons
 - Prepare the room for the presentation
 - Information sent home to parents before sessions –“This is important personal safety information that we believe children should know.”

2. Teaching preschool – kindergarten
 - Introduce the material as “important personal safety information for you”
 - Section one – Respecting our body
 - Voice tone, gentleness, and eye contact will help get this fundamental message across

 - Section two – Personal space
 - Stand for circles
 - Sit again for questions and answers
 - With smaller children, use of girl & boy teddy bears with swimsuits
 - Have children repeat with you the important messages
 - Say NO, get away, tell an adult who will help

 - Section three – Sirens, recognizing danger
 - Examples of sirens, feelings
 - Have children repeat important messages
 - LISTEN to sirens (feelings)
 - At this point, it may be enough for them. If you only make the points of the first two sections that may be all you can do.
