Memo: Raising the Priest Food Allowance

Given the inflation in our economy, including that with food, Bishop is raising the priest food allowance reimbursement to "maximum of \$500 per priest per month."

As you know, the current amount is "maximum of \$450 per priest per month."

This new amount will be reflected in the benefits sheet which will go out on July 1, 2022, but this new amount is effective immediately.

God bless!
